TEXAS SHOW LIST

THE TEXAS SHOW LIST

---

vol 3,no 13: December 6,1996

This is a list of upcoming punk, garage, hardcore, indie rock, ska and experimental shows in Texas and the surrounding states. If you know of others, please let us know. Also, if you have a show that doesn't fit into the above categories, send it anyway and we'll try to fit it in somewhere. This list is not perfect, mistakes are bound to happen. I would suggest calling before making a road trip for a show. A new/updated copy of this list comes out every Friday. Suggestions appreciated.

If you would like to subscribe via email...let me know. And please specify that you want the "Texas show list".

Last Sundays benefit show for the Showlist raised $70 dollars, which goes into the fund to cover the cost of the print copies every week. Thanks a lot to all the bands that played, the people that came, and Chad & Stacie for putting it together.

For the people that read this over the web/e-mail, the Houston section has moved to second part of the list. This was done to try and make the files more even in length.

If anyone ever needs to get anything to me, be it a flyer to let me know about a show, an ad for the showlist, or whatever, it can be left for me up at Sound Exchange. If i'm not working when you bring it in, ask whoever is working to leave it for me. If you'd rather not leave the comfort of your own home, you can mail stuff to me at the post office box above.

I've been sitting here at this computer for a while, trying to put into words a few things that have been bothering me lately... a lot of which stemmed from things that happened at the benefit show last Saturday at Another Cup. All I can say is, sometimes I feel like I have absolutely nothing in common with other people in this so called "scene". The actions of a few people at that show reassured me of this.
